

Table of Contents (Continued)

Chapter 3: Plotter Interconnection (Continued)	
Apple Macintosh*/Macintosh Plus/II/SE	
(RS-232-C Interface)	3-15
Interconnection Instructions	3-15
Testing Communication with BASIC	3-16
Commodore Amiga* Personal Computers (Serial Interface)	3-17
Interconnection Instructions	3-17
Verifying Communication	3-19
HP Series 200 Personal Technical Computer	
(HP-IB Interface)	3-20
Interconnection Instructions	3-20
Running the Test Program	3-21
HP Touchscreen Personal Computer (HP 150)	
(RS-232-C Interface)	3-22
Interconnection Instructions	3-22
Running the Test Program	3-24
HP Touchscreen Personal Computer (HP 150)	
(HP-IB Interface)	3-25
Interconnection Instructions	3-25
Running the Test Program	3-26
Chapter 4: Selecting Media, Pens, and Ink	4-1
What Kind of Output Do You Need?	4-1
Understanding Media	4-2
Chart Paper	4-2
Glossy Presentation Paper	4-2
Overhead Transparency Film	4-3
Double-Matte Polyester Film	4-3
Understanding Pens and Inks	4-3
Fiber-Tip Pens	4-4
Drafting Pens	4-4
Combining Pens and Media	4-7
Purchasing Supplies	4-8
Appendix A: RS-232-C/CCITT V.24 Interface	
Information	A-1
RS-232-C Pin Allocations	A-1
RS-232-C Cable Schematics	A-2
